2.2 Subpart: Contract Specifications for Option Contracts on Money Market Futures Contracts

[….]

2.2.5 Term

~~Options are available at the Eurex Exchanges with terms consisting of the next four months of the cycle March, June, September and December. The due months of the underlying future and the expiration months of the option are identical~~

Options contracts are generally available at the Eurex Exchanges with terms of the three next months as well as seven succeeding months of the cycle March, June, September and December. The due months of the underlying future and of the expiration month of the option are identical in the expiration months March, June, September and December (quarterly month); in the other expiration months, the due month of the underlying future is the cyclic quarterly month following the expiration month of the option.

2.2.6 Last Trading Day, Close of Trading

The last trading day of an option series shall be the last day on which such option series is available to Exchange Participants for trading and clearing through the EDP system of the Eurex Exchanges. This shall be the second Exchange day prior to the third Wednesday of the relevant performance month (quarter-end month pursuant to paragraph subsection 1.1.3 paragraph (1)) - provided that on this day the European Banking Federation (FBE) and Financial Market Association (ACI) have determined the reference interest rate EURIBOR for three-month cash deposits, otherwise the preceding Exchange day.

The close of trading for the expiring contract is 11:00 a.m. CET.

2.2.7 Exercise Prices

For the first three due months and the succeeding three quarterly expiration months, ~~O~~option series can have exercise prices with price gradations of 0.125 percentage points. The other expiration months have exercise price intervals of 0.25 percentage points. A percentage point has a value of EUR 2,500 and represents 200 ticks in the EDP system of the Eurex Exchanges.

2.2.8 Number of Exercise Prices upon Admission of Contracts

Upon the admission of a contract, at least ~~21~~ nine exercise prices shall be made available for trading for each expiration day for each call and put, such that ~~10~~ four exercise prices are "in the money", one is "at the money" and ~~10~~ four are "out of the money".
